Design: Narrative Systems & Mechanics • Game Balance • Combat Mechanics • Environmental Storytelling

Technical: Jira • Confluence • Notion • Git • Twine • Final Draft • Google Suite

Interests: Video Games • Comics • Books • Theme Parks • Motorcycles • Tabletop Games • Dogs!

Professional Projects

Seven Knights Idle Adventure: An *idle RPG comedy-adventure* spin-off of Netmarble's flagship Seven Knights franchise. Localized all of the game's text, including dialogue, character descriptions, and item descriptions from the mid-development stage to several updates into the game's post-release, over 80k words.

Marvel Future Fight: An *isometric action superhero game* based on Disney's Marvel Comics IP. Took over the game 7 years after release, and localized all of the game's text thereafter, including dialogue, character descriptions, and patch notes, over 40k words.

Personal Projects

A Key to Other Worlds: A blog that *explores the concept of 'immersion'* as it exists in popular entertainment, and how it can be designed-for by writers, artists, and other creators.

Wisteria Falls: A biweekly *slice of life webcomic* that takes place in the supernatural small town of Wisteria Falls. Write dialogue, story, episode scripts, and most of the worldbuilding.

Education

Whittier College
Bachelor of Arts in Comparative Media Studies
August 2018 - January 2022

Whittier, CA
